LEARN THE CHITKARA WAY

One-on-one discussions with the professors make the classes interesting and interactive. The faculty is very helpful and approachable at all times – even for the slightest of doubts. We have lot of group projects and presentations which help students in team-building, understanding and bonding with classmates.

GRADUATE WITH A HOLISTIC SKILL SET

Our holistic educational approach is designed with an intensive focus to equip you with a complete skill set package comprising of hard knowledge skills, soft people skills and 'heart' skills. You will be equipped with both; depth and breadth of knowledge. You will be transformed into a well-rounded individual, and become a valuable asset to your future employer and society at large.

Hard knowledge skills
(specific to your chosen track of study)

+

Soft people skills
(analytical thinking, problem solving, communication, presentation, leadership and team-building)

+

'Heart skills'
(ethical and social responsibility)

LEARN FROM THE BEST MINDS

Tradition of Teaching Excellence

Chitkara University faculty members are explorers and discoverers, seeking new ideas and insights at the frontiers of knowledge. They are internationally recognised leaders in the study of the economic, social, political, and technological forces shaping the world today.

The faculty at Chitkara University includes people from core academics having vast experience in academics and industry. Among our talented faculty, you meet academic scholars with doctorate degrees, experts from Industry and authors of important texts in all fields. Our faculty enjoy a good reputation and strong relations with leading industrial houses in terms of consultancy and research work.

Chitkara University faculty members play an active role in national and international business & research communities, serving as consultants, board members, and speakers at major conferences and seminars.

With serious students and talented teachers, you will become a stakeholder in pursuit of purposeful learning and experience. Faculty at Chitkara University is striving hard to impart best of professional experience to students through its fast growing & challenging academic environment.

A RIGOROUS, FLEXIBLE CURRICULUM

PREPARES YOU FOR EVERY KIND OF LEADERSHIP CHALLENGE

Hands-on and interactive learning means classes are never dull. Theories are brought to life, and you learn by experiencing them.

Classes incorporate activities such as simulations and problem sets conducted in the format of mini lectures, video lecturettes, small group recitations, hands-on demos, designettes and concept quizzes to cement the understanding of different concepts in a subject.

The interactive sessions foster collaborative learning to help you enjoy and better understand concepts that are traditionally viewed as difficult. Real-life examples are demonstrated regularly.

GENERAL EDUCATION

OUR PEDAGOGY

Our degree programs prepare students for the real world and offer the opportunity for practical, hands-on experience, internships and projects. Take advantage of this experience to gain the practical skills employers are looking for and open yourself to career opportunities. Academics at Chitkara University keep pace with workplace demands and ensure that students are “industry ready” and in touch with what’s expected in a professional environment.

Academic Excellence

Our academic programs enjoy a great reputation in the industry. To maintain our leadership position, we focus on inducting the best faculty from across the industry and academia. Our faculty is known for its strong academic orientation contributing to the creation of knowledge in a dynamic, ever changing environment. Classes are built around experiential learning where students are constantly encouraged to take conceptual framework and apply them. Teaching methods include lectures and tutorials that emphasise a learner-centered approach and application of knowledge. Faculty bring their rich experience into the classroom to enrich the learning process and ensure that the coursework reflects current industry practices.

Problem Based Learning (PBL)

Some of our courses are taught using the PBL approach where students apply their knowledge to solve problems they may encounter in a professional context and in doing so extend their experience beyond text books. Elements of real-life work scenario are brought into the classroom by the PBL approach. Students undertake a series of tasks that bring industry problems into the academic environment.

Applied & Project Based Learning

Applied learning is a hallmark of all teaching at Chitkara University. We believe that the best way to learn is by “doing” and that’s why we emphasise a hands-on approach. We lay stress on project based learning, thus, encouraging the need for independent thinking and creativity among students, resulting in interesting and novel projects. Further, a significant increase in the open category credits enables students to have a broad base, pursue interests and adopt a multi-disciplinary approach.

Specialisation Options

In every program, further specialisation and electives are offered in the final year of the study. To help a student in this task, various tracks have been identified through our curriculum geared towards a variety of specialisations. Our goal is to prepare students for a satisfying career. Following a particular curricular track will equip the students with the skills required for progressing further in the chosen career track.

Faculty

Chitkara University boasts of strong faculty with Masters and Doctorate degrees in different specialisations with appropriate academic and research bent of mind. The entire faculty has been drawn from leading academic institutions and corporations from across the country with years of teaching and research experience. Our faculty enjoy a good reputation and strong relations with leading industrial houses in terms of consultancy and research work. Our faculty not only focus on conceptual understanding of various academic concepts but also give first-hand experience to all students through role plays, experiential learning exercises, industrial visits and classroom lectures.

Guest Lectures

Guest lectures are regularly organised by eminent industry experts, entrepreneurs and HR managers from large and medium-sized companies to keep students abreast with latest trends and information.

OUR INDUSTRY PARTNERSHIPS

Chitkara University maintains close links with leading corporations and professional associations to deliver most of our professional programs. Through these alliances we stay in touch with the industry, ensuring that our courses are relevant, practical and deliver the skills in demand allowing our graduates to hit the ground running. HEALTHCARE PROGRAMS

Nursing Programs in collaboration with Fortis Healthcare

- 4-Year B.Sc Nursing [Himachal Pradesh]

Healthcare Industry in India

There is no better time to enter into the field of Healthcare Management. Healthcare Industry is growing globally. Consequent to this growth, there is an explosion of opportunities for HEALTHCARE professionals. In India too, Healthcare has become one of India's largest sectors - both in terms of revenue earnings and employment. Public as well as private players have sensed the immediate demand, and have started to strengthen their coverage & services in the Healthcare domain.

India is a vast country with a huge population of 130 Crore. Despite noteworthy improvements, it is still burdened with age old problems of mother and infant mortality, malnutrition and infectious diseases. Simultaneously, rising incidences of lifestyle diseases like Hypertension, Diabetes, Depression, Psychosis have also made inroads both in urban and rural areas. Added to this dual burden, are epidemics of new diseases (Swine Flu, Bird Flu) and re-emerging diseases (Dengue, Chikungunya) which are posing a huge challenge to the Indian Healthcare space.

India is largely an underserved market with respect to Healthcare facilities. There is a huge scope for improvement and the clamour for affordable and accessible Healthcare has become prominent. Besides, the conventional mode of Healthcare delivery, there is also a growth in demand for modalities like Public Health, Home Healthcare and Telemedicine. To facilitate the whole gamut of Healthcare, there is an emergence of Data Informatics and Analytics, which will bring in a paradigm shift in the way Healthcare is delivered and monitored.

Employment opportunities in Healthcare are growing with each passing year. This has enormously tipped the need for competent & well-groomed professionals. Private as well as public sector jobs are available. The latest window of opportunity has been opened by the Government of India's ambitious, promising and far-reaching National Health Protection Scheme called Ayushman Bharat.

Industry Overview

- India's Healthcare industry is projected to grow to 17% by 2020.
- Healthcare industry in India is projected to reach Rs. 27 lakh crore by 2022.
- The Government of India is planning to increase Public Health spending to 2.5% of the country's GDP by 2025.
- 100,000 jobs are expected to be created from Ayushman Bharat, the National Health Protection Scheme.
- In FY17, Indian Healthcare sector stood as the fourth largest employer as the sector employed a total of 319,780 people. The sector is expected to generate 4 crore jobs in India by 2020.
- India is experiencing 22-25% growth in medical tourism and the industry is expected to reach US\$ 9 billion by 2020.
- According to a report of NITI Aayog, the Indian government will increase public expenditure on Healthcare from 1.1% to 2.5% GDP in the next four years and to 5% in the following 5 years.

ADVANTAGE INDIA

Strong Demand	Healthcare market in India is expected to reach US\$ 372 billion by 2022, driven by rising incomes, greater health awareness, lifestyle diseases and increasing access to insurance.
Attractive Opportunities	Rising incomes, greater health awareness, lifestyle diseases and increasing access to insurance will contribute to growth.
Rising Manpower	It is estimated that India will require 2.07 million more doctors* by 2030 in order to achieve a doctor-to-population ratio of 1:1,000.
Policy Support	The world's largest Government Funded Healthcare Scheme, Ayushman Bharat, was launched on September 23, 2018.

Note:* Number of doctors possessing recognised medical qualifications (under I.M.C Act) registered with State Medical Councils | Medical Council of India

INDUSTRY COLLABORATION WITH FORTIS HEALTHCARE

Fortis Healthcare is a leading integrated Healthcare Delivery Service Provider in India. The Healthcare verticals of the company primarily comprise hospitals, diagnostics and day-care specialty facilities. Currently, the company operates its healthcare delivery services in India, Dubai and Sri Lanka, with 43 healthcare facilities (including projects under development), approximately 9,000 potential beds and over 400 diagnostics centres.

4-Year B.Sc in Nursing (Basic)

This program is offered at Chitkara University, Punjab and Chitkara University, Himachal Pradesh.

The global population is rising but the number of healthcare workers is decreasing relatively. With more and more nurses migrating abroad, India is facing an acute shortage of faculty and clinical practitioners. This necessitates the initialisation of more and more educational institutions to meet local, national and global demand for health care providers. Keeping in view the World Health Organization's (WHO) theme of 'Working Together for Health', Chitkara University initiated Nursing Program to train and develop quality nursing staff to provide health care services at the grassroots and to meet the global demand. The overall aim of nursing program is to prepare a graduate Nurse to work as frontline worker in the clinical and community field and educational arena.

Nursing programs under Chitkara University are an excellent opening for candidates who aspire to be trained in India as per international standards. Efforts have gone in to provide various facilities to develop an all round healthy individual who will carry the 'Health' of the needy on his / her strong shoulders ahead. Students are given training in developing basic skills in the laboratory, in simulated conditions, before they are exposed to actual hospital situations. The faculty of the department is highly qualified and competent in providing excellent theoretical and practical training to students.

Our Pedagogy

Through its pioneering efforts, our Nursing Programs aim to create leaders in the nursing professionals by providing unique, innovative program that are responsive to the market needs, keeping in mind the rapid advance in the health care sector in India as well as abroad. The curriculum emphasises on a holistic approach to Nursing care, in order to ensure an all round growth of the Nursing students. Student Nurses will be trained to meet the international standards of professionalism and maintain the highest standard of clinical practice.

Chitkara University boasts of state-of-the-art labs for Nursing Programs

Nursing Laboratory having hospital-style beds with manikins, CPR dummies, several audio visual aids and equipment for providing the students hands-on training to develop skills in Nursing procedures.

Community Health Nursing Laboratory having large tables as working area and equipment needed for providing services in the community areas. In addition, the laboratory has specially designed community bags to carry the necessary equipment for homecare like thermometer, articles for urine testing, growth monitoring, dressing, physical examination etc

Obstetric and Gynecological Nursing Laboratory having all the equipments, delivery table with normal delivery manikins and delivery sets in order to provide the students enough competencies for developing into skilled and competent midwives.

Pre-clinical laboratory having all the equipments, consumable and non-consumable items for providing the students with knowledge regarding basic subjects such as Human Anatomy and Physiology, Biochemistry and Microbiology so that they should be able to correlate this knowledge with practical understanding of disease conditions.

Computer Laboratory is fully equipped to develop the computer literacy in the undergraduate students as IT has had a positive impact on healthcare delivery system worldwide, particularly in the areas of disease control, diagnosis, patient management and teaching.

SPECIAL FEATURES

The strengths that place our Nursing Programs a cut above the rest are:

- Rich clinical experience in all specialisations.
- Additional modules are made available to the students over and above prescribed syllabus.
- Communication Skills and Personality Development.
- Principles & Practices of Management and Medico-legal issues offered to the graduate students during the four-year program.
- Workshops on Basic Life Support (BLS) and Advanced Cardiac Life Support, Advanced Trauma Care and Disaster Management Programs etc.
- Assistance for Placement in reputed Institutions of India and abroad.
