## Coffee with Vice Chancellor

Our Alumni had fun time with their very own Vice Chancellor **Dr. Varinder S. Kanwar** at Pune going down the memory lane, sharing nostalgic moments. They enjoyed the bonhomie and camaraderie of being a proud Chitkarian. It was a nostalgic trip back to alleys of Chitkara University. Our Alumni, now maestros of the Corporate World reflect back on their journey at Chitkara which gave them wings to fly, chiseled and prepared them for the World of opportunities around the Globe.

## Alumni Chapter

Reminisce 2017 Chandigarh Chapter Next Alumni Chapter was organized in Chandigarh at FLYP@MTV Café on May 27, 2017. The Alumni meet was indeed a chance to reconnect the Alumni with their Alma Mater. It allowed them to relive the carefree days of their college lives taking a fascinating trip down the memory lane that gave our alumni an opportunity to see old friends again and catch up with them. They came across places and stories that were almost forgotten. Some things changed, some stayed the same and it was a pleasure see them share their experiences after they left the pedestal where they learnt to dream and achieve.

## Alumni Speak

**Chandan Bagai;** Senior Cyber Security Consultant, Accenture

**Location:** Toronto, Canada

**Batch of 2008:** Computer Science & Engineering

I recently got featured as one of the top volunteers in the National Volunteer Week and all credit goes to rigorous training and overall development at "Chitkara". I must say University is one of the prestigious Institutions of the country imparting the industry leading education with in-house expertise driving excellence." Thanks for everything to my Alma Mater. I will be forever grateful to Chitkara University for making me both the engineer and individual I am today.

## Alumni Speak

**Mani Kant:** Consultant, Microsoft

**Location:** Hyderabad, India

**Batch of 2008:** Computer Science & Engineering

It's been really heartening to pen down few of my thoughts related to one of my most cherished memories of my life ever: "Chitkara Days". The memories have been countless in terms of not only receiving tremendous learning experiences but also the ever reliable non-scholastic activities taught by our proficient professors throughout our college journey. The outcome of all that hard work is a true mirror reflection of where I stand today. Right from observing various technical and challenging roles throughout my career, got a chance to represent and implement IT for world's leading experience business partners where Microsoft France was a major breakthrough in terms of my career for organization which I have always dreamt for and looking ahead to implement indispensable IT solution for Microsoft Vegas next month which surely again would be a relishing strive for my potential. Still remember our very own Honorable Dr. Ashok K Chitkara who vigorously used to believe in the fact of exploring our inner caliber instead of getting afraid of outside obstacles. Might be just another brick in the wall for many of you but trust me, this would remain on top of my thought process ever and would continue to carry the goodwill of this University wherever I go.

## Alumni Speak

**Ketan Gupta:** Client Technical Engagement team, IBM Hybrid Cloud, IBM India Software Labs

**Location:** Bengaluru, India

**Batch of 2008:** Computer Science & Engineering

It would be difficult to sum up four years at Chitkara in just a few lines. I must say that the learning & exposure which University gives is commendable. I would always be grateful to Chitkara for giving me multi-dimensional learning by providing the apt mix of academics, industry exposure & leadership. The place where talent is nurtured by the Great Professors, who had devoted their lives to corporate and now in an actualization mode to help young India. Chitkara made me more disciplined & helped me to grow not only professionally but holistically as a responsible human being.

Thank you, my Alma Mater Chitkara University, for being part the memorable journey & giving me a foundation to chase my dreams.
